

BRAMBLETT ANGUS

Performance Tested Bull

and

Female Sale

DECEMBER 3, 2016

NOON

BRAMBLETT ANGUS

Dear Friends,

It is a pleasure to present the 2016 performance tested bulls, registered Angus females and Angus based commercial females. The bull offering is loaded with power and moderate birth EPDS. The registered Angus females offered are backed by many generations of great dams and quality AI studs. The commercial females are the best group that consigners have presented in any of our sales.

The bulls are big footed and heavily muscled, with large scrota and are phenotypically correct. You will note that there will be a number of SAV Renown 3439 sons who was the leadoff bull at a recent Schaff sale. This group will be some of the first offered Renown sons in the South and they certainly represent the SAV program and ours quite respectively.

The registered females represent a group of young cows and heifers that will go out and work their heart out for their new owners. They are broad based, deep bodied with great maternal instincts and are phenotypically correct, and they are carrying proven, modern genes. Certainly for a new breeder or a breeder in the expansion mode these girls will get or keep the herd moving in the right direction. Certainly our area has experienced drought and heat. If you view the cattle you can see how they have performed in extreme weather conditions. Simply stated these animals are tough and have been conditioned to a tough shot by mother nature. This coupled with market conditions makes for opportunity for a new owner. Now is the time to invest in cattle.

Finally, I want to thank previous buyers for their support and others who have helped with our southern seed stock nursery. Also I thank you for reviewing the catalog and I hope you will attend the offering. We will do everything we can to make your visit enjoyable and profitable. The bulls will be available for viewing from November 1, 2016 until sale date.

The Bramblett Angus females will be available for viewing from November 15 till sale time. Taking a look at the cattle does not prohibit you from buying off paper. That will enhance your decision. In closing, we believe the prices paid for cattle at this sale will certainly fit in most budgets.

Sincerely,

Larry Bramblett

The lovely dam of Bramblett Renown B721, a daughter of SAV Bismarck 5682 and LB Miss Design 004, has been an important contributor to our program since weaning her first calf in 2012. Bramblett Renown B721 is the offspring of a donor cow for the Bramblett Angus program and son of a sire who has led the Angus breed in registrations.

This bull represents the traditional Angus breed phenotype.

SAV Momentum 9274 Madame Pride 0015 Lot 8

Lots 6-10 consist of five flushmate brothers from SAV Madame Pride 0015 and SAV Momentum 9274.

SAV Madame Pride 0015, a donor dam at Bramblett Angus, is a daughter of the legendary SAV Madame Pride 0075. The maternal granddam this flush, SAV Madame Pride 0075, has 26 daughters working in the Schaff Angus Valley herd and has recorded \$563,000 in sales.

If you review their numbers you will quickly see a moderate birth weight with a major \$Dollar beef value of \$136.05. The numbers of these offspring along with their phenotype result in young bulls certain to be an asset for any producer. If you need more than one bull and desire similar type and kind, this flush or that of Partisover Hazel 411 and SAV Momentum 9274, are great options.

Owned with Pruitt Angus.

The dam of this bull is Cedar Creek 6K20 Rita 2510, a great matron and donor dam. Cedar Creek 6K20 Rita 2510 is among the most dependable and most productive cows in the Bramblett Angus herd whose progeny have been the lead off and highest grossing bull and heifer lots in three separate years at the Bramblett Angus Sale.

The 6K20 Rita 2510 family is working around the country including a flush mate sister in the Trowbridge herd in Ghent, NY. Several of her daughters are in production in the Bramblett herd and have excelled.

The sire of B743, SAV Angus Valley 1867, has been a tremendously popular stud bull for several years. Note the birth EPD of .9 to the yearling of +86 to \$B 113.66. These numbers are noteworthy for a pure calving ease bull.

Bramblett Av B707, sired by SAV Angus Valley 1867, is another great calving ease bull. A grandson of the ever popular donor dam Cedar Creek Rita 2510, is a powerful, phenotypically impressive bull certain to be high performing.

The exceptional growth of Bramblett Av B707 is impressive especially considering his low birth EPD, making him an exceptional choice for use as a heifer bull.

Featured Female, heifers at two years

Perhaps the most difficult task of selecting cattle for this sale is the selection of a feature female lot. Without a doubt, it is tough to part with a great young cow. Bramblett Momentum B408 fits this description, especially with a heifer calf at side. The grandam of this female is SAV Abigale 0451. She is the cow that produced the popular SAV Bismarck 5682 and SAV Hesston. The performance numbers and carcass numbers across the board are quite impressive. The phenotype of Bramblett B408 is outstanding. The September 9, calf at side is the first born daughter of our herd sire SAV Remainder 4840 in the Bramblett herd. The calf looks great. SAV Remainder is the full brother of SAV Sensational and SAV Seedstock. Remainder's dam is SAV May 4136 and his grandam is Madame Pride 0075. If you are familiar at all with Schaff breeding you know that these two ladies have produced millions of dollars for that Ranch. This cow will work in any herd and she certainly is a top donor prospect.

She sells open and ready to flush or breed.

These two embryo heifers are daughters of the SAV Madame Pride 0015 and SAV Momentum 9274 flush and flush-mate sisters of Lots 6,7,8,9 and 10.

SAV Madame Pride 0015, a donor dam at Bramblett Angus, is a daughter of the legendary SAV Madame Pride 0075. The maternal granddam this flush, SAV Madame Pride 0075, has 26 daughters working in the Schaff Angus Valley herd and has recorded \$563,000 in sales.

The numbers of these offspring along with their phenotype result in young ladies sure to be an asset for any producer. Their grandam, SAV Emblynnette 3301, is known for her premier productivity and superior maternal traits as well as the prestige of being selected as the model cow for the Angus breed.

This heifer is a daughter from the flushing of Tehama Black N577 to SAV Momentum 9274. The dam of this female is the multi-year leading donor for the respective herds of Melvin Porter and Cole Elrod. This flush combination has produced roughly as many Georgia National Fair and Georgia Junior National Livestock Show champions in the last five years than all other Angus breed winners combined. Phenotypically correct, Bramblett Blackcap B703 has the genetic composition to be a successful cow.

The grandam of this heifer is Cedar Creek 6K20 Rita 2510 a great matron and donor dam. Cedar Creek 6K20 Rita 2510 is among the most dependable and most productive cows in the Bramblett Angus herd whose progeny have been the lead off and highest grossing bull and heifer lots in three separate years at the Bramblett Angus Sale.

The 6K20 Rita 2510 family is working around the country including a flush mate sister in the Trowbridge herd in Ghent, NY. Several of her daughters are in production in the Bramblett herd and have excelled.

The dam of Bramblett Rita B789 is SAV Momentum 9274 and her sire is ZWT THE JUDGE 1011.

This heifer is truly displaying her genetic makeup that includes growth, muscle, mass and sound legs and feet. This is certainly a low maintenance, unproblematic female.

I +2.3	+40	+73	I +27

Lot 48

Representing the best of the OCC and Lemmon programs, Bramblett Judge B741 is the granddaughter of OCC Revolution Rose and White Fence Pride H1. In our herd, the dam of this November 1, 2015 heifer, is doing a high quality job. Along with great maternal instincts, LB Blackbird of P133, has a high quality phenotype and produces calves with heavy weights at weaning.

Birth EPD	Weaning EPD	Yearling EPD	Milk EPD
+2.6	+40	+67	+22

The dam of this heifer is Bramblett Momentum B411, currently a donor prospect. A grandam of Bramblett B734, bred by BLUE Q Ranch in Troy, North Carolina is a V A R Primrose daughter from the great donor, V A R Primrose 8359. V A R Primrose 8359 is a maternal sister of the legendary N Bar Emulation EXT and was the \$34,000 feature of a Vintage Angus Ranch Sale.

Also a grandam, is the ever popular Sitz Everelda Entense 1137.

This heifer is a daughter of Bramblett B509. She has deep roots coming from the top and bottom of her pedigree anchored by the Twin Hills Forever Lady 2000. The carcass numbers are very good and she has the phenotype and performance to match. Her dam is a SAV Final Answer 0035 daughter who has served in Bramblett herd for a number of years and is still weathering the elements of a drought and in a hot and humid climate.

This January 21, 2016 heifer is sired by Bramblett Momentum B451, a SAV Momentum 9274 son. Her dam, Hillside Ingenuity 3064, was raised in a program emphasizing carcass results and those numbers are exceptional including a \$128.00 dollar beef. It is interesting to note her moderate birth weight and her milk EPD.

Potts Brothers Farm, Kyle Potts, Jefferson, GA

Potts Brothers operates a sizeable beef feed lot operation, a commercial cattle herd and a registered Angus cattle program. Kyle's experience specializing in different facets of the beef cattle industry as well as his highly regarded reputation reflect very well on the consignments offered in the 2016 Bramblett Angus Sale.

This young cow is due to calve on January 28, 2017, to VAR Generation 2100. She is a completely Schaff Angus Valley bred female and is a daughter of SAV Cattle Baron 3177. Her numbers demonstrate her capacity to move from a low birth EPD to a high performance mode. Her sire is a son of the great SAV Blackcap May 4136 cow. On the maternal side of the pedigree you will find a number of low birth EPD bulls.

DA Enchantress BB 815 303 313 is a fourth generation female bred in the Dyar program, Crossville, AL. She is a Hoover Dam daughter with solid performance numbers across the board. She is due to calve to RB Tour of Duty 177 on 01/30/2017. The sire will add performance and milk in this calf.

Commercial Females

This is an excellent opportunity to select one or a group of high quality, young, Angus females. The timing could not be better. Each consignor is a serious, well experienced cattleman. Expect nothing but success with your purchase.

Females at approximately two years will be with calf at side or heavy bred to calve this winter. All bred females were serviced by calving ease bulls, pregnancy checked and completed two rounds of vaccinations.

Open females will be either approximately 14 months old at the time of the sale and ready to breed or recently calved and will sell open.

Bar-Cron, Barry Cronin, 1020 Red Wine Church Road, Canon, GA 30520, phone (706) 476-7741

Lots 60-64, 22-24 months, Angus, heavy bred or calf at side

For the last two years Barry's consigned lots have topped the commercial offering of the sale. Expect nothing but quality. These are foundation females from strategic breeding program.

All AI bred to SAV Privilege 3030, a low birth explosive growth bull used heavily among commercial breeders across the country.

Britt Angus, 724 E&M Dairy Road, Hartwell, GA 30643, phone (770) 318-9809

Lots 65-75, 24 months, Angus/Angus cross, calves at side

Britt Angus is a well know cattle operation. Stacey operates both a registered and commercial herd. He is the host for the Annual Georgia Genetics sale.

These females are AI bred to SAV Priority. He is a popular Schaff Angus Valley stud bull who is a calving ease sire.

Lee Cattle Co., Chad Lee, 1056 Jefferson Hwy, Winder, GA 30680, phone (678) 863-1704

Lots 76-88, 13 to 14 months, Angus, open

These heifers were sired by a Pioneer son that Chad purchased in a previous Bramblett Sale. He was considered a top lot of that offering. Expect great phenotypes and growth. Chad operates both a commercial and registered Angus herd. Also, he works as an order buyer for customers in the Midwest and Southwest. He sees a lot of cattle every week.

Potts Bros Farm, Kyle Potts, 288 Elliot Road, Jefferson, GA 30549, phone (678) 410-5157

Lots 89-101, 22 months, Angus based, to calve in March 2017

The Potts females have been very popular at the two previous Georgia Beef Expo sales and his consignments at the 2015 Bramblett Angus Sale were very well accepted. He uses the top AI Studs and solid pasture bulls. Expect nothing but quality and service from Kyle Potts.

Saxon Farm, 3820 Eagle Grove Road, Dewy Rose, GA 30634

Lots 107-113, 24 months, Angus based, heavy breed or calf at side

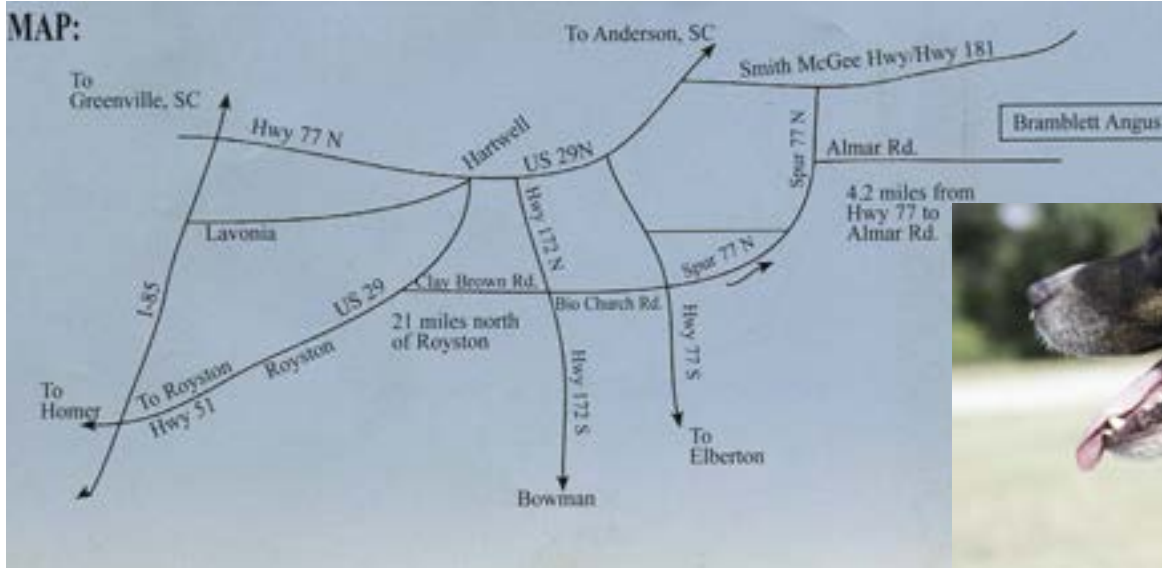

Thomas Saxon is a well-respected agri- business man and beef cattleman. He has purchased several bulls from Bramblett Angus over the years and he uses Artificial Insemination. Recently, he has begun building a registered herd. Expect consistent females backed by their breeder.

Mewborn Farm, Curtis Mewborn, 480 Mewborn Road, Dewy Rose, GA 30634, phone (706) 371-2963

Lots 114-115, 2 years, Angus, young calves at side

Curtis Mewborn is a respected beef cattle breeder. He uses AI breeding and the herd health is great. The calves at side are from SAV Renown and SAV Bismarck. The quality is here. Also, Curtis is a previous bull consignor to the Bramblett Sale.
